

Part No. F - 101

SUPER FLAT CABLE GUARD

Used to Protect Motor Flat Leads.

A much heavier gauge material than any of our other cable guards provides superior protection for your motor flat lead. *Features the extra protection of a interlocking "pin & box" system!* Band directly to E.S.P. motor, continuously for the full length of motor flat lead.

(Available: In IRON or STAINLESS STEEL - 6' total length ea. pc.) **ORDER IN BUNDLES OF 10EA.**
