

Part No. F 102

HEAVY DUTY FLAT CABLE GUARD

Used to Protect Motor Flat Leads.

A heavier gauge material than in our ECONOMY FLAT CABLE GUARDS is used to provide more protection for your motor flat lead. Bands directly to E.S.P. motor continuously for the full length of motor flat lead.

**(Available in: GALVANIZED or STAINLESS STEEL • 6' total length ea. pc.) ORDER IN BUNDLES OF 10 EA.
Lower profile than super guards.**
